    └── images
        ├── angular.png
        └── yeoman.png
    └── favicon.ico
    └── index.html
```

bootstrap

```
npm install
bower install
```

Install js lib

edit bower.json or

```
bower install autobahn --save
```

scope

Select scope of another controller (myController)

```
var $ascope = angular.element(
  document.querySelector("[ng-controller='myController']")
).scope();
```

authorization
