

Blender Video Editor

Concepts

There are n channels: channel 0 is seen in top of other, channel with major number is seen in top of others.

Stripes

Edit strip → Blend → Over Drop Edit strip → Image Offset → X,Y

Select strip and Add → Effect strip → Transform

Add proxy and timecode “Record Run” for every strip to have faster video preview.

Transitions

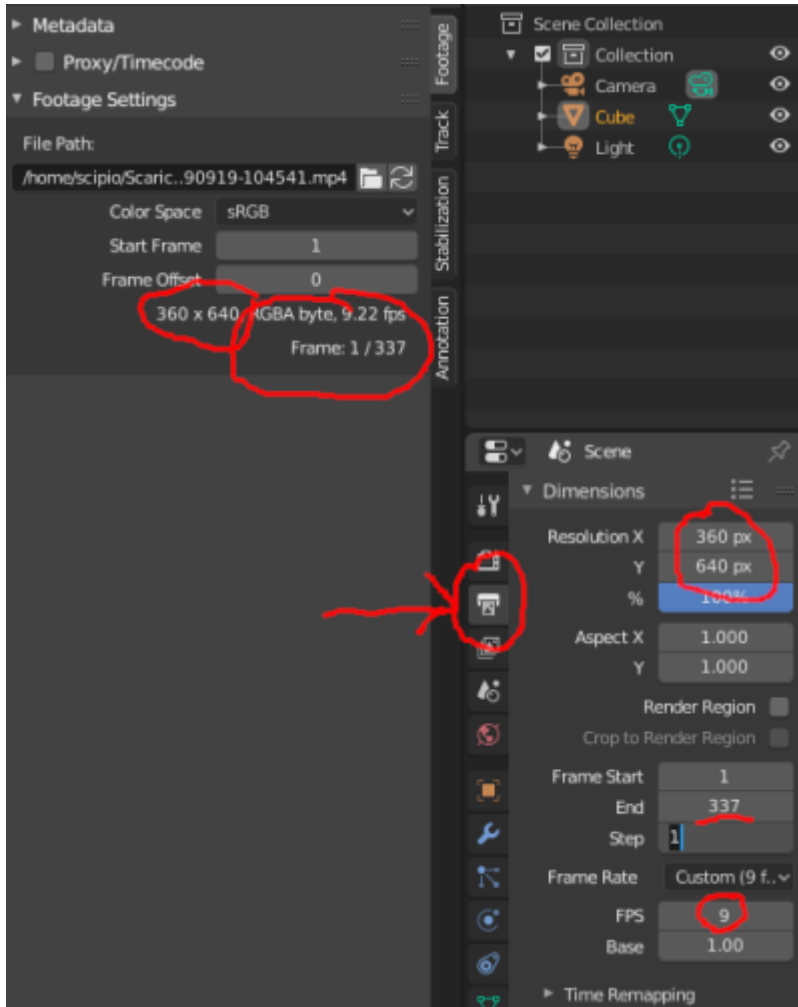

Make strip overlapping in two channels. Select first strip, hold shift and select second. Then Add → Effect strip → gamma cross

Keys

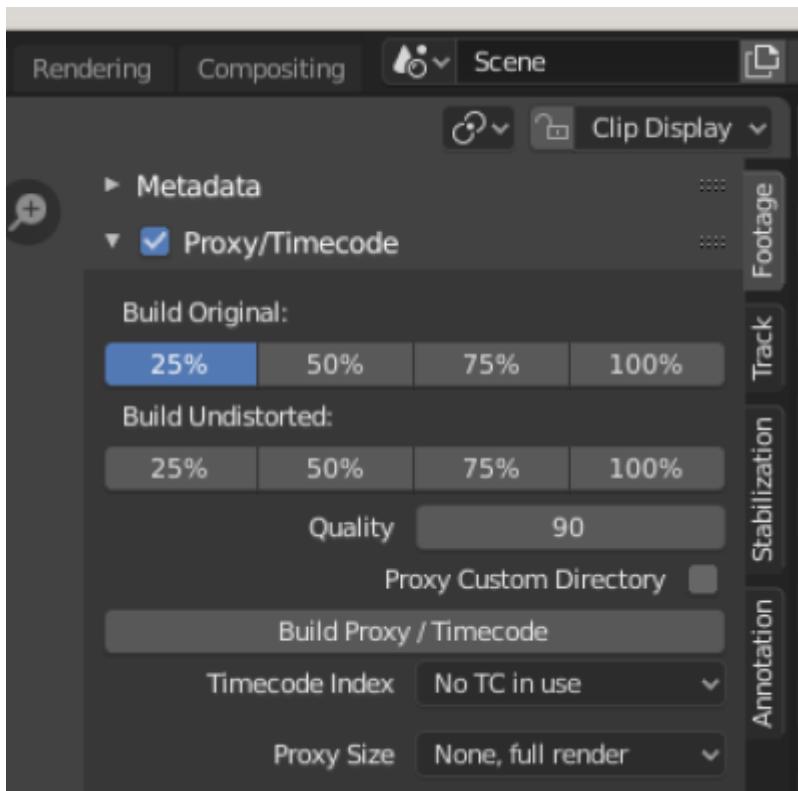

- m: marker
- CTRL+m: rename marker
